====== Roblox is a free-to-play 3D game development platform with an emphasis on user-generated content. It contains two parts: Roblox Studio and Roblox Online, which were released on November 16, 2005 and August 20, 2006, respectively. Roblox is free to download and install, and all the games are hosted by Roblox. Robux, the virtual currency of Roblox, can be purchased with real-world money. It can be earned in-game through gameplay, as well as purchased with real-world money. Robux can also be obtained by trading with other players in the currency exchange. Roblox rewards its players with virtual gifts when they level up. Robux are used to purchase game content, such as items, avatar, and decorative objects. In addition, users can purchase Robux and spent them to subscribe to developer's catalogs so that they can access new content. There are two game categories in Roblox: *Free* - These games are completely free to play and can be played without having to spend a cent. Robux is the only currency users can use to buy items with. *Paid* - These games require payment of Robux to purchase avatars, decorative objects, premium avatars, premium decorative objects and other premium content. Developers build games using the Sandbox mode in Roblox Studio, which provides a 3D environment and graphical programming tools. Games are designed by either using Lua scripting or designing blocks that are then used by players to create games. Players connect to a game that is hosted on the Roblox network, which provides access to other players and game content such as weapons, clothing, objects, levels, maps, and campaigns. === The Romance of the Three Kingdoms 2 is an action role-playing game developed and published by Netmarble. The game was released on May 24, 2013, for iOS devices. It is the second installment of Netmarble's Romance of the Three Kingdoms series. The game features a player-versus-player online mode. The story follows the continuing events from the third novel of Luo Guanzhong's Romance of the Three Kingdoms. The game is available only for iOS devices. Gameplay is similar to Netmarble's MMORPGs, such as Lineage and Blade & Soul. As of September 2014, the game had over 5 million downloads. The Romance of the Three Kingdoms 2 received positive

Link: the 2016 federal election campaign gets underway, it is time to look at each party's plan to deal with Canada's growing income gap. Liberals, Conservatives and New Democrats have released respective platforms to help Canadians understand how they intend to address poverty, homelessness and a lack of affordable housing across the country. The Liberal plan, dubbed "Made In Canada: A New Deal For Workers," says increased minimum wages is the best way to improve the economic well-being of Canadians. The party has pledged to increase the minimum wage from $11 to $15 an hour, an increase that takes effect by 2019. Conservative Leader Andrew Scheer proposed scrapping an increase to the minimum wage that took effect in January. He said that only the "forgotten men and women" would be helped by increases in the minimum wage. NDP Leader Tom Mulcair has pledged that his party would introduce a $15-an-hour minimum wage within three years of taking office. New Democrats have also promised to improve employment insurance for precarious workers and a national strategy on homelessness. Here are the platforms of each of the three parties that will be vying for our votes on Oct. 19. Liberal Party Platform: Made in Canada: A New Deal for Workers Liberal Leader Justin Trudeau stands with people working on a construction site. He says the economy must serve everyone. (Ryan Remiorz/Canadian Press) The Liberals' platform promises: Income security for all Greater investments in housing and transportation Income security for all Justin Trudeau told The Canadian Press that the greatest challenge of our time is income inequality — that too many Canadians have not had income gains for 20 years while many of those who have become wealthy have increased their incomes. He said income inequality has a corrosive impact on our democracy, our health and our economy. His plan is
