The Tricine reagent is an additive of choice for reducing gel volume,  
improving separation quality, and enhancing detection. Using  
different concentrations of Tricine at different pH levels allows for  
the optimization of the separation quality of peptides within the gel.  
The 2-D PAGE sample preparation method discussed below provides  
optimal sample handling for optimal Tricine concentration. FILED

The influences of mental rotation ability and gender on pattern recognition in children. The influence of mental rotation ability and gender on pattern recognition was investigated in three groups of children. The subjects were three groups of children matched for sex and age. The first two groups, a control group of younger children and a same-age sample, were given several visual tests that assessed different aspects of pattern recognition, and the third group was given a paper-and-pencil test of mental rotation ability. Only in the control group did the performances on the visual tasks vary according to sex: no significant difference was found between males and females in the performances on pattern recognition tasks, but males performed better on the mental rotation test. No other effect of sex was observed in the control group. A significant correlation between the mental rotation score and pattern recognition score was found only in the group of older children. The group of older children was the only group that showed a significant correlation between the performances on the visual tasks and on the mental rotation test. These results demonstrate that the mental rotation ability is related to the performances on visual pattern recognition tasks in children, and that this correlation is influenced by the age of the subjects.

“Only in black and white” In September, the 69-year-old actress spoke about her role on “Fuller House” — the sitcom that’s a prequel to “Full House,” — and her co-star in some of her most memorable TV performances, like “Mary Tyler Moore,” “The Dick Van Dyke Show” and “The Mary Tyler Moore Show.”

First things first: Why did she agree to guest star on “Fuller House?” “I was on an airplane, and they had ‘Fuller House’ on,” she recalled. “I had ‘Moonlighting’ on, and I couldn’t get interested in what was on. I was just sort of feeling sorry for myself. I thought 6d1f23a050
