The aim of this paper is to describe the economic impact of type 2 diabetes mellitus (T2DM), including the impact of diagnosed diabetes, undiagnosed or prediabetic diabetes and diabetes related complications, and to discuss this impact in its different dimensions, including direct costs, indirect costs and social costs, on the national level, regional level and local level. Recent data from Ireland provide a comprehensive review of the cost of T2DM, giving a comparative overview of the wide range of costs involved. Together, these cost data provide a robust basis for decision-making regarding the future provision and financing of health services for diabetes.Pete Carroll has said that Roger Goodell is fully on board in his plan to be fair and transparent when it comes to competition committee punishments. (1:59) Deflategate lawsuit against NFL, Patriots, New England fans won't be settled without Roger Goodell's approval, judge rules (3:00) Goodell's refusal to be interviewed about the Deflategate investigation prevents the NFL from getting solid answers from the people who held the keys to the ticket boxes and the locker room. The league, after all, is the entity that acted on a complaint. And it is now being stonewalled by the person in charge of that complaint. The league office had little information to offer following a whirlwind 24-hour news cycle in which the NFL commissioner tried to explain what happened during the 2015 AFC championship game after Tom Brady's four-game suspension was announced. Goodell told the NFL Network's Michael Irvin last night that he was "confident" in the way in which the league handled the investigation, but he deflected questions about Brady and his teammates with, "We'll address that at the appropriate time."
